Forecast for Sunday 09 Jan 2022

Weather: Rather cloudy with scattered showers and a significant wind chill during the morning. Showers becoming increasingly isolated during daylight hours with bright or sunny spells. Showers falling as sleet or snow initially above around 400-500m but turning increasingly to rain at all level through the afternoon. Conditions becoming dry by the evening with winds easing.

Chance of cloud free mountain/hill tops above 600m: 80%.

Visibility: Moderate or poor in showers, occasionally very poor in sleet or snow at height, but generally very good otherwise. Scattered cloud with bases generally above summits, but dropping to 500-600m at times in showers.
